

NATIONAL WEEKLY HEMP REPORT

The National Weekly Hemp Report is issued by USDA AMS Specialty Crops Market News. The information contained in this report reflects prices for selected hemp commodities advertised by major grocery retailers to consumers through circulars and digital promotions and gathered by USDA through a weekly survey, as well as total import volumes and values of all hemp commodities entering the U.S. for both the current week and for the year to date.

The grocery store ad total decreased by 81% from last week and was down by 98% from the same week last year. The number of items remained steady from last week at 2. There was only one price change from last week: conventional 8 oz. hemp seeds in the National region declined by 22%. All other items changed by less than 1% or were not reported last week, including those in the Alaska and Hawaii regions.
