Chapter 16-218 WAC Hops – Certification Analyses – Fees

WAC 16-218-015: Fees for the certification of hops.

- (1) Based upon standards established by the Federal Grain Inspection Service of the United States Department of Agriculture, the Washington State Department of Agriculture's (department) fees for the certification of hops are:

Type of Inspection and Other Service	Fee Charged for Inspection and Other Service
(a) Official lot inspections and certification for baled hops.	\$1.81 per bale with a minimum charge of \$44.00 per lot for official inspection and grading with certification.
(b) Official lot inspection and/or certification for alternative methods of packaging hops, or other services for which no fee has been established.	A contract fee may be negotiated, based on the agency's costs to furnish the services.
(c) Submitted sample inspections and certification.	\$217.50 for an unofficial sample submitted for grading with certification of a quantity not to exceed 100,000 lbs. of dried hops.
(d) Appeal inspections.	The Federal Grain Inspection Service in Portland, Oregon establishes the charges for appeal inspections, and payments for such inspections must be made to them. Department time for sampling, handling and administration regarding appeal inspections will be assessed at the sampler hourly rate.

(2)(a) Before official sampling of baled hops takes place, each and every bale in a lot of hops must be readily accessible so that:

(i) Each bale can be properly stenciled; and

(ii) Samples can be drawn from the bales selected by the inspector.

(b) Official samples drawn from baled hops must be brought back to the laboratory by the inspector for grading analysis.

(3) The department may perform official lot inspection and/or certification of hops packaged by alternative methods (e.g., hops not baled prior to processing) subject to conditions specified in a written agreement between the department and the person(s) requesting the service.

(4)(a) Submitted samples provided by a grower or dealer for grading analysis must be representative of the lot(s) and the hop material.

(b) Submitted samples must be delivered to the laboratory.

WAC 16-218-035: Fees for issuing export certificates for hops and hop products.

The department charges the following fees for issuing certificates related to hops and hop products:

Type of Certificate	Fee for Each Certificate
(1) State phytosanitary certificates	\$36.00
(2) Other certificates attesting to origin, compliance with standards of other states or nations or specifications of contracts, or conditions of production or processing	\$29.00

WAC 16-218-040: Payment of fees and charges.

- (1) The department will bill for services rendered.
- (2) The fees and charges billed are due to the department within thirty days of the statement date.

 - (b) Accept only cash payments for future services rendered.
- (4) The department assesses a penalty of twelve percent per annum on all delinquent account balances.

3. SERVICES NOT UNDER THE USGSA OR AMA**Chapter 16-218 WAC Hops – Certification Analyses – Fees****WAC 16-218-025: Fees for chemical analysis regarding brewing values and additional constituents in raw hops, hop extract, hop pellets and hop powder.**

(1) Before official sampling of baled hops takes place, each and every bale in a lot of hops must be readily accessible so that:

(a) Each bale can be properly stenciled (not done for brewing value only sampling); and

(b) Samples can be drawn from the bales selected by the inspector.

(2) Official samples drawn from baled hops must be brought back to the laboratory by the inspector for chemical analysis, simultaneous with grading analysis.

(3) Brewing value samples are obtained from a representative composite of the official samples drawn for grade analysis.

(4) Brewing value samples not sampled simultaneously for grade analysis will be charged at the same fee per bale.

(5) When department personnel officially sample hops, a brewing value certificate will be issued when the chemical analysis is done.

(6)(a) Submitted brewing value samples provided by a grower or dealer for chemical analysis must be representative of the lot(s).

(b) Submitted samples must be delivered to the laboratory.

(7) Submitted brewing value certificates will be issued for submitted samples when the chemical analysis is done.

(8) Department fees for the chemical analyses of officially sampled raw hops are:

Type of Analyses	Fee	Minimum Fee
