

Goodstock by Nolan Ryan Prime Beef Program G-170 Specification

1 REQUIREMENTS

Beef carcasses certified under this specification shall meet the following requirements:

- a. Classed as Steer or Heifer carcasses only¹;
- b. U.S. Prime¹
- c. Marbling score of :
 1. Goodstock by Nolan Ryan Prime - Marbling score of Slightly Abundant⁰⁰ or higher^{2,3}
- d. Less than 30 months of age with an overall carcass maturity of A maturity in the U.S. grade it qualifies for¹;
- e. Medium or fine texture marbling
- f. Practically free (not detracting from visual quality) of capillary rupture in the ribeye muscle; and
- g. Free of “dark cutting” characteristics.

2 CERTIFICATION

Carcasses to be examined for compliance with this specification will be clearly identified and presented to an AMS grader for certification. Certification procedures for identification, the removal of preliminary identification marks (or other methods of control) from non-qualifying carcasses, and control of certified carcasses shall be in accordance with established Quality Assessment Division (QAD) procedures.

3 LABELING

Labeling of products derived from certified carcasses must follow Food Safety and Inspection Service regulations and policy guidelines and QAD procedures.

¹ Determined in accordance with the “Official United States Standards for Grades of Carcass Beef.”

² Determined by a USDA approved instrument for grading. When a USDA approved instrument is available, the carcass attributes shall be monitored by but not determined by a USDA grader and/or USDA licensed grader.

³ ⁴In the event that a USDA approved instrument is not available, the carcass attributes shall be determined in accordance with the “Official United States Standards for Grades of Carcass Beef”.

4 **FEES**

The costs of all grading and certification services performed by an AMS grader involving examinations, supervision, official documentation, and related services shall be borne by the person, group, or plant requesting the service.
